

Invitation for the 3rd Asian Shipbuilding Experts' Forum

Dear all,

In recent years, International Maritime Organization (IMO) has conducted many rounds of discussions and negotiations on technical issues related with Maritime Safety and Maritime Environmental Protection, which cover topics of Green House Gas Emission, Waste Management, Shipping and Port Control during the process of shipbuilding, ship repairing and ship recycling. The Asian Shipbuilding Experts' Forum (ASEF) was thus founded from the year of 2007 aiming at getting these new rules well known by Asian shipbuilding industry, establishing the communication mechanism among Asian shipbuilders, promoting the improvement of Asian shipbuilding technology and finally improving the position of Asian shipbuilding industry in the development of Maritime rules. The 1st ASEF was held in Japan and the 2nd one was held in Korea, both of which won a big success.

Herewith we are so honored to host the 3rd ASEF in China, the forum will be held in 3rd ~ 4th December, 2009 at Shanghai (During The All China Maritime Conference & Exhibition), the theme of which would be Maritime Safety and Maritime Environmental Protection.

We are sincerely looking forward to your participation.

China Association of the National Shipbuilding Industry (CANSI)

Chinese Society of Naval Architecture and Marine Engineering (CSNAME)

The 3rd Asian Shipbuilding Experts' Forum

3rd ~ 4th December, 2009

Shanghai, People's Republic of China

1. VENUE

Plaza Royale Oriental, Shanghai

2288 Pudong Avenue, Shanghai 200136, China

Telephone: +86 21 58526666

Fax: +86 21 58525888

E-mail: info@plazaroyaleoriental.com

Web: www.plazaroyalehotels.com

2. DATES

- 3rd (Thu) December 2009: Registration (08:30-09:00)
- 3rd (Thu) December 2009: ASEF meeting (09:00~18:00)
- 4th (Fri) December 2009: ASEF meeting (09:00~12:30)
- 4th (Fri) December 2009: Visit Hudong-Zhonghua Shipbuilding (Group) Co., Ltd (14:00-16:00)

3. HOST

China Association of the National Shipbuilding Industry (CANSI), Chinese Society of Naval Architecture and Marine Engineering (CSNAME)

4. CO-SPONSOR

Korea Shipbuilders' Association (KOSHIPA), Shipbuilders' Association of Japan (SAJ), Japan Ship Technology Research Association (JSTRA)

5. VISIT

Visit Hudong-Zhonghua Shipbuilding (Group) Co., Ltd

6. LANGUAGE

- English
- Chinese-English simultaneous interpretation Provided

7. EXPENSE

Expense on traveling and lodging shall be borne by each participant.

8. CONTACT PERSON FOR REGISTRATION AND VISA

China Association of the National Shipbuilding Industry (CANSI)

- Ms. Naifen Tan
- Telephone: +86 10 68057210
- Fax: +86 10 59518255/+86 10 59518755
- E-mail: tnf@cansi.org.cn
- Ms. Jing Wang
- Telephone: +86 10 64831127

9. REGISTRATION

Participants for the 3rd ASEF are requested to complete the Meetings Registration Form (Annex2) with information on rooms to be reserved and the Form should be sent to Ms. Naifen Tan (tnf@cansi.org.cn) no later than 30th October, 2009.

10. HOTEL INFORMATION

Plaza Royale Oriental, Shanghai is available for all participants.

Preferential rate for the meetings:

Room Type	Room Rate	Remarks

<Annex 1>

Provisional Program for the 3rd ASEF

Day 1 (Thursday, 3rd December)

	Topic	Given by
8:30	Registration	
9:00	1. Opening Ceremony	
	Welcoming Speech	CANSI
	Honored Guests Addressing	
9:30	2. Anti-air Pollution	
	2.1 Outline of CO ₂ Emissions Reduction Measures in IMO and impact on the shipbuilding Industry	Japan
	2.2 The development of ship speed verification program based on ISO 15016 methodology for EEDI	Korea
10:20	Coffee Break	
10:40	2.3 Introduction and application of EEDI	CSSC
	2.4 Assessment analysis on propulsion system of environment-friendly LNG	CSSC
	2.5 Design and construction technology of green Aframax product tanker	CSIC
12:00	Lunch	
13:30	3. BWM Convention and Development of Ballast Water Treatment System	
	3.1 Status of BWM convention and review on ballast water treatment system technologies	Korea
	3.2 Current Circumstance of Ballast Water Management system	Japan
	3.3 Electrolysis ballast water treatment technology	CSIC
	3.4 BWM Convention and its application in ship design	CSSC
15:10	Coffee Break	
15:30	4. Performance Standards for Protective Coatings	
	4.1 Impact of PSPC on shipbuilding industry	CSSC
	4.2 Corrosion protection for cargo oil tanks of crude oil tankers	Japan
	4.3 High performance and environmentally friendly coating system for water ballast tank of ship in the shipbuilding industries	Korea
16:45	5. Others	
	5.1 Action from industry in face of international rules and conventions	CSIC
	5.2 Prospects for Indian Shipbuilding Industry	India
18:00	Dinner	

Provisional Program for the 3rd ASEF

Day 2 (Friday, 4th December)

9:00	6. Recent Development on Goal-Based Standards	
	6.1 Design Transparency vs. Intellectual Property Protection.	Japan
	6.2 Shipbuilder's view on risk-based regulatory framework	Korea
	6.3 Safety assessment of AHTS with anchor handling	CSIC
10:15	Coffee Break	
10:35	7. International Convention for the Safe and Environmentally Sound Recycling	
	7.1 Inventory Guideline of Hazardous Materials and Material Declaration	Japan
	7.2 Standardization of the Inventory List of Hazardous Materials and Material Declaration	Japan
11:25	8. Conclusion and Follow-up Action	Host
12:00	Lunch	
14:00	Visit Hudong-Zhonghua Shipbuilding (Group) Co., Ltd

Hotel Information and Transportation Tips

1. Hotel Introduction

Plaza Royale Oriental Shanghai is ideally situated on Pudong Avenue, facing the Huang Pu River, within 10 minutes from the Shanghai New International Expo Centre and Lujiazui financial district, and only 35 minutes from the hotel to Pudong International Airport or to Hongqiao Airport.

Tastefully decorated rooms and spacious suites provide a truly international level of hospitality. The largest guest rooms in Pudong area, found at the Plaza Royale Oriental Shanghai, are fully equipped with the best modern technology, stylish deco and furnishing. Each of the 523 guest rooms has high-speed internet connection, three line speaker phone with data port, separate line for fax and broadband hook-ups, and a dedicated in-room one touch call facility available 24-hours.

2. Map

3. Transportation

3.1 Direct flight to Shanghai Pudong International Airport

Participants from the following cities can reach Shanghai Pudong International Airport by direct flights.

Japan (Tokyo , Osaka , Hiroshima , Nagoya , Sapporo , Fukuoka , Nagasaki) , South Korea (Pusan , Seoul , Daegu , Jeju Island) , Burma (Rangoon) , Vietnam (Ho Chi Minh) , Indonesia (Djakarta) , Hongkong , Taiwan (Taipei) , Thailand (Bangkok) , Philippine (Manila) , Malaysia (Kuala Lumpur)

It would take only 120 minutes from Beijing International Airport or Guangzhou Baiyun International Airport to Pudong International Airport by air.

For further information on flight, please go through:

- Shanghai Pudong International Airport/ Shanghai Hongqiao International Airport
